

New London Local Schools

Educating Tomorrow's Leaders

Oct. 17, 2017

Greetings Wildcat Community! When looking at the calendar, it's hard to believe that it's already mid-October and we are nearly through the first 9 weeks of the school year. This school year our learning community has already experienced many successes that have made positive impacts on our students. Although we post many of these stories on our district website and numerous social media outlets, it's hard to capture all of them. I'm sure this leaves many questions unanswered as I'm often stopped by parents and community members. A few of the more common questions I've received are: Why didn't we replace the shingle roof with a metal roof this past summer? What is going on with the new attendance rules? Why are there Monroeville and Oberlin busses in our Transportation Facility? Why are there so many early releases this year and what do we do with the time? Is there really a therapy dog at the elementary? The administrative team and I appreciate and welcome all of the questions that we receive from our community and actually encourage them. To help answer questions such as these the administrative team would like to invite our community to an open forum to discuss all things New London Local Schools. Our first Administrative Roundtable will take place on Thursday November 2nd at 9am in the school's library. All district administrators will be available to answer your questions. We will plan these roundtable discussions every month at different times and locations to reach as many community members as possible.

Until Next Time.....GO WILDCATS!!!!

Brad Romano
Superintendent, NLLS
