Educating Tomorrow's Leaders

December 11, 2017

Greetings Wildcat Community

In November, our district began a series of informal roundtable meetings to reach out to our families and stakeholders in an attempt to engage as many members of our educational community as possible. These discussions are meant to allow our community to discuss concerns or ask any question to our administrative team.

Our first roundtable discussion occurred during the school day and was held in our school's Media Center. This month, we are moving our roundtable discussions to our Digital Academy Lab, located across from the Board of Education Offices.

Scheduled for December 18<sup>th</sup> at 5pm, we invite all parents, grandparents, and community members to our discussion. We will open with a brief overview of our virtual program, the New London Digital Academy, then open the floor to any questions that you may have. This is a great opportunity to get to know our administrative team, as well as our administrative team to understand the issues or topics that are concerning you. I look forward to seeing many of our families and friends on the 18<sup>th</sup>. If you cannot make it on the 18<sup>th</sup>, please call or email any member of the administrative team with questions or concerns that you may have.

Also, I'd like to congratulate our Cross-County program. Both the boys' team and girl's teams had very successful seasons, leading to many conference, regional, and state awards. Our runners work extremely hard, often running in the early mornings to shave a fraction of a second off their times. The hard work and dedication of our student athletes are equally matched by the hard work and dedication of our coaching staff. During basketball season, its often said that we don't just play basketball here in New London, but we play New London Basketball. Those of us that attend those games do not need that statement explained to us. I think it's fair to extend that statement to our Cross-Country teams. The tradition of excellence continues year in and year out! Again, I'd like to offer congratulations to our student athletes, and to our coaching staff, led by both the Boys and Girls Ashland Times Gazette Coach of the Year Keith Landis.

Looking forward to our next administrative roundtable discussions on December 18<sup>th</sup> at 5pm at our Digital Lab!

Until Next Time.....GO WILDCATS!!!

Brad Romano
